Crippling Storm Now Waning in Many Areas

By THE ASSOCIATED PRESS

Winter's most severe snowstorm diminished in most of the Midwest today but the crippling effects were felt in many areas.

The major job, clearing streets and highways of huge drifts, was slowed in many sections. Strong northerly winds swept the snow back onto highways as fast as they were cleared.

More heavy snow also continued during the night in eastern upper and extreme northern Lower Michigan as the storm center moved northeastward headed into Canada. An additional covering of 4 to 8 inches was in prospect.

The blizzard-like storms, sweeping out of the Great Plains Tuesday, were the worst in some Midwest areas in many years. Many communities were isolated, hundreds of motorists were stranded and scores of schools were closed. Business and industry slowed due to absenteeism. Many industrial plants in Wisconsin, Illinois and Iowa shut down.

Colder weather swept into the snow-blanketed regions and dipped as far south as the Gulf Coast. It was below zero in northern Midwest sections.

The violent weather which raked the Pacific coastal areas, the Southwest, South and Midwest was blamed for at least 32 deaths. Nearly half of them were caused by heart attacks suffered while shoveling the heavy, wet snow.

The storm dumped about 18 inches of snow on Milwaukee, with 16.7 inches in a 24-hour period, which the Weather Bureau said was the second largest snowfall on record for the Wisconsin metropolis. Seven deaths were attributed to the storm.

Many Iowa, southwestern Wisconsin and northwestern Illinois communities were snowbound, with 10-foot drifts and foot-high snowfalls. Hardest hit cities included Rockford, Ill., with 118,000 residents; Freeport, Ill., with 25,600 population and Milwaukee and Kenosha, Wis.

Hundreds of motorists were stranded in Wisconsin, Iowa and Illinois.

East of the storm belt, showers splattered areas from eastern New York southward into South Carolina. In the West, light snow fell in sections of the northern Rockies and the high plains, while showers sprinkled sections in the far Southwest.

Prelate Denied Burial in His Slav Cathedral

ZAGREB, Yugoslavia (AP) — The body of Alojzije Cardinal Stepinac lay in state today in the little parish church of Krasic, denied burial in his cathedral at Zagreb.

Yugoslavia's Communist government refused permission for the cardinal's body to be moved to Zagreb, seat of his archdiocese, where he normally would have been buried. The authorities said he would have to be buried at the church in Krasic, his native village, where the Communists kept him confined as a paroled prisoner.

The funeral will be Saturday. The Red Cross workers said all 22 Roman Catholic bishops of Yugoslavia, members of the Zagreb Cathedral chapter, all members of the cardinal's family and all persons of Krasic parish could attend the requiem and burial service.

Cardinal Stepinac, 61-year-old spiritual leader of Yugoslavia's seven million Roman Catholics, died Wednesday after five years of Communist imprisonment on charges of wartime collaboration with the Nazis and nearly nine years of confinement to the limits of Krasic.

No Sympathy Is Given To Baby-Beating Dad

PITTSBURGH (AP) — Louis E. Long, 26, was sentenced to two-to-four months in jail Wednesday for beating his 18-month-old son.

"There's no justice," he said. "People come into this court charged with murder and get less than I got."

Judge Thomas M. Marshall replied, "I have no sympathy and will not condone baby beaters."

A PARALYZING BLOW — Ice overflowed the banks of the Fox river at Dayton, Ill., and reached up to the eaves, damaging or destroying some 25 homes. The onslaught was part of a deadly snow storm that paralyzed cities in the Middle West.

Scioto To Crest At 15½ Feet Here

The Scioto River is on the rampage for the first time this year as the usually calm stream reached flood stage of 14 feet this afternoon.

COMING behind the rain is a bitter cold spell, giving Pickaway County residents their first sign of winter since a brief cold streak in mid-December of last year.

Temperatures are expected to dip to 18 degrees tomorrow morning with a high of 3 predicted tomorrow afternoon.

Snow flurries will continue to fall until early morning. Although still in the teens, temperatures seemed colder due to the gusty wind coming from the north.

This is the largest rainfall since Oct. 8, 1959, when 1.31 inches fell.

Additional precipitation in north-

Missionary Found after 19 Years

CINCINNATI (AP) — Shortly before the Japanese attack on Pearl Harbor, John D. King, a Korean missionary, put his American wife, a former Cincinnati, and their four children on a ship and sent them back to this country. He wanted them away from the dangers of war.

King could not leave Japan because he was a Korean.

The family never heard of him again except for a harsay report during World War II that he had escaped to Korea. He long has been presumed dead and the wife, now Mrs. Gordon Sherman of Keystone Heights, Fla., even remarried.

Wednesday a Red Cross worker found one of the sons—Clarence King, 25—working in a television station here and notified him his father is alive.

The Red Cross had been searching for the family ever since King appealed to the organization in Kora to locate his family.

"I can't think of words that would express how I feel," said the son, a film editor at WKRC-TV, said. "I'll do everything in my power to arrange for him to come back over here."

He disclosed that his mother now is separated from the man she married about six years ago. His two sisters now live in Windsor, Ont. and a brother is in the Air Force at Scott Field, Ill.

Clarence called his mother Wednesday night to tell of the Red Cross report.

"She was speechless, completely speechless," he related.

U.S. Employment Drops 1,900,000

WASHINGTON (AP) — Employment dropped seasonally by 1,900,000 last month but the number of Americans with jobs—62,020,000—was a record high for January, the Labor Department announced today.

Employment was roughly a million higher than a year ago despite the usual post-holiday shrinkage in retail payrolls and the winter curtailment of farming, building and other outdoor work.

Unemployment climbed by 572,000 to a total of 4,149,000 in January, about the usual increase for the season. Joblessness was 5.2 per cent of the civilian labor force, the same as in December. This compared with 6 per cent a year ago.

Liquor Stores to Close COLUMBUS, Ohio (AP) — The Liquor Department announced today that all state liquor stores, agencies and departmental offices will be closed Friday in observance of Lincoln's birthday.

Ike Slaps 'Crazy' Label On Statement by Khrush

Khrush Opens His Tour of Asian Nations

India Crowds Small Compared to Turnout For U.S. President

NEW DELHI, India (AP) — Nikita Khrushchev today began a four-nation "peace and friendship" tour of Asia before Indian crowds small by comparison with the tumultuous throngs who greeted President Eisenhower two months ago.

Beaming and waving his white Panama hat to thin lines of flag-waving Indians, the Soviet Premier seemed either unaware or unimpaired by the comparison of the welcomes.

More than a million Indians had turned out to welcome the U.S. President. The crowd today was in the neighborhood of 250,000.

The turnout for Khrushchev was friendly but showed none of the wild enthusiasm shown for Eisenhower. Many clapped, only a few cheered, and some watched silently as Khrushchev drove by to the presidential palace with Prime Minister Nehru and President Radendra Prasad.

The Eisenhower motorcade took 2½ hours to travel the 11-mile route because of the crowds; for the Ohio Supreme Court to overrule a decision of the 5th District Court of Appeals.

The high court refused to grant a mandamus action ordering the

Fairfield Board to transfer all of Clearcreek Twp. to LE.

In the November, 1958 election, Clearcreek Twp. residents approved the Logan Elm consolidation by a vote of 338-226, but it was overruled by the 5th District Court of Appeals due to a technicality in the wording of the ballot. On Oct. 31, 1959, the Fairfield Board consolidated Amanda and Clearcreek school districts.

The Appeals Court decision has been appealed to the Ohio Supreme Court by the Committee's attorney.

A major reason for the smaller crowds today may have been tighter security controls, ordered to prevent the motorcade from being blocked even once. And Khrushchev is paying a return visit to India, having been here four years ago.

Scioto To Crest At 15½ Feet Here

The Scioto River is on the rampage for the first time this year as the usually calm streams reached flood stage of 14 feet this afternoon.

COMING behind the rain is a bitter cold spell, giving Pickaway County residents their first sign of winter since a brief cold streak in mid-December of last year.

Temperatures are expected to dip to 18 degrees tomorrow morning with a high of 3 predicted tomorrow afternoon.

Snow flurries will continue to fall until early morning. Although still in the teens, temperatures seemed colder due to the gusty wind coming from the north.

Yesterday's rain pulled the monthly and yearly rainfall into the debit column for the first time this year. Rainfall for February now totals 1.65 inches, .71 of an inch above normal.

The yearly average precipitation is 4.08 inches while present rainfall totals 4.15 inches for a debit of 0.07 of an inch.

Sheriff Charles H. Radcliff today said his department has received no complaints on area residents being threatened by high water.

The sheriff said if the Scioto crests at 15½ feet as indicated, danger to lowland residents should not be too great. However, he cautioned, persons living near the river to keep a constant watch on the water and take necessary precautions.

DeGaulle Raps Army Rebels In Algeria

PARIS (AP) — President Charles de Gaulle has cracked down on his political-minded army in Algeria and ordered much power returned to civil authorities.

The French leader and his cabinet Wednesday night approved sweeping reforms aimed at confining the military to its primary task in the big North African territory — suppression of the five-year-old nationalist rebellion.

The cabinet also took away from the French settlers in Algeria their own military arm. It had been one of the chief props of the abortive French uprising in Algiers last month.

In a series of decrees approved during a 2½-hour session, the cabinet:

Abolished the army's psychological warfare branch, some of whose officers were sympathetic to the rebellious French settlers.

Dissolved Algeria's territorial home guard units.

Relieved three top generals of their Algerian posts and ordered sanctions against an undisclosed number of other army officers.

Reorganized the Algerian police and transferred control of police services from military to civilian authorities.

Took steps to restore to regional civilian governors (prefects) much of the political power taken over by the army during the Algerian settlers' uprising in 1958 which brought De Gaulle back to office.

Employment was roughly a million higher than a year ago despite the usual post-holiday shrinkage in retail payrolls and the winter curtailment of farming, building and other outdoor work.

Unemployment climbed by 57,000 to a total of 4,149,000 in January, about the usual increase for the season. Joblessness was 5.2 per cent of the civilian labor force, the same as in December. This compared with 6 per cent a year ago.

India Crowds Small Compared to Turnout For U.S. President

NEW DELHI, India (AP) — Nikita Khrushchev today began a four-nation "peace and friendship" tour of Asia before Indian crowds small by comparison with the tumultuous throngs who greeted President Eisenhower two months ago.

Beaming and waving his white Panama hat to thin lines of flag-waving Indians, the Soviet Premier seemed either unaware or unimpaired by the comparison of the welcome.

More than a million Indians had turned out to welcome the U.S. President. The crowd today was the largest in history.

The turnout for Khrushchev was friendly but showed none of the wild enthusiasm shown for Eisenhower. Many clapped, only a few cheered, and some watched silently as Khrushchev drove by to the presidential palace with Prime Minister Nehru and President Raden Prasad.

The Eisenhower motorcade took 2½ hours to travel the 11-mile route because of the crowds; Khrushchev did it in about an hour.

The high court refused to act upon the petitions because the law under which they were filed was superseded by another statute that is supposed to have gone into effect January 1, according to county school authorities.

The school board's action left open one avenue of hope for Clearcreek Twp. residents desiring consolidation with Logan Elm.

The court's decision was upheld by the 5th District Court of Appeals due to a technicality in the wording of the ballot. On Oct. 31, 1959, the Fairfield Board consolidated Amanda and Clearcreek school districts.

The Appeals Court decision has been appealed to the Ohio Supreme Court by the Committee's attorney.

Khrushchev and his large party of relatives and Soviet officials arrived after an overnight flight from Moscow in a big Ilyushin turboprop airliner. The plane made one refueling stop, at Tashkent.

In a brief prepared speech at Palam Airport, Khrushchev praised Nehru as one who "realizes well the significance of friendship between our countries and our common struggle for consolidation of peace and friendship among all nations."

The Soviet leader made no reference to India's bitter border dispute with Red China, a topic certain to loom large in his talks with Nehru.

He called personal visits between government leaders "one of the effective means of invigorating international atmosphere and promoting mutual understanding between all nations."

"Soviet-Indian cooperation is of importance to securing a durable peace," he said. And he held out an invitation to Indian statesmen to visit the Soviet Union, declaring they would "meet with a heartfelt and sincere welcome in our country."

The Navy said late Thursday the sub broke through the North Pole ice Tuesday afternoon and then resumed her cruise of the Arctic Ocean's great basin.

The Sargo has been preceded to the pole by two sister nuclear subs, the Nautilus and the Skate. The Nautilus reached the pole on Aug. 3, 1958. The Skate made its first trip on Aug. 11, 1958, then repeated her cruise last March.

The Sargo's journey during the Arctic winter again emphasized the power of American nuclear submarines to prowl the international waters above the Soviet Union in any season.

The Navy said the Sargo is collecting oceanographic data, including data on the ocean bottom and the Arctic ice.

The Sargo slipped out of Pearl Harbor, her home port, on Jan. 18. In her explorations she traveled a longer course than the direct 4,200 nautical miles from her base to the pole.

After submerging at the edge of the Arctic ice pack in the Bering Sea southwest of Alaska, she was under the ice for 2,744 miles before reaching the pole 14 days and 21 hours later.

WASHINGTON (AP) — The U.S. atomic submarine Sargo has smashed through the ice at the North Pole and planted the flag of Hawaii — her home state — at the top of the world.

The defense said the state claimed at the trial that blood test evidence was inconclusive although a laboratory test disclosed its type.

Sheppard still contends that on the night of the murder he grabbed with a bushy-haired intruder who knocked him out.

Stock Mart Trading Hits Slow Pace

NEW YORK (AP) — A few issues made good gains in a narrowly mixed stock market early this afternoon. Trading was at the slowest pace of 1960.

Small gains and losses, few going to as much as a point, were the general rule for most key stocks.

A scattering of selected issues were up from 1 to about 3 points.

The nearness of Friday's Lincoln's Birthday observance had something to do with the extremely light turnover, brokers said. The major stock exchanges will be open but banks will be closed and many in the financial district will take off today for a three-day weekend.

Airlines showed a degree of firmness, tobaccos were steady but steels, motors and chemicals were mixed.

Circleville, Ohio

President Sees

(Continued from Page 1) was asked how he feels about disclosure of specific figures regarding defense weapons.

Eisenhower replied he believes such figures do not mean a lot. There have been contentions by some Republicans in Congress that data regarding the U.S. missile program, for example, could be helpful to a potential enemy.

MISSILES — Eisenhower said he returned from an inspection tour of the Missile Test Center at Cape Canaveral, Fla., Wednesday evening much better about this country's missile program than when he left Washington. He said he was impressed by what he saw and heard at Canaveral.

FARM — Eisenhower expressed surprise at a reporter's suggestion that Vice President Nixon had a hand in rephrasing the farm message which Eisenhower sent to Congress. The President said it was the first time he had encountered that suggestion. He added that he had received Nixon to read the message because, as Eisenhower put it, Nixon in the next few months will be defending the best way to approach the farm problem.

Barry Caudill, Mt. Sterling, has been admitted to Fayette Memorial Hospital, Washington C. H. for surgery.

Mrs. Ivan Willis, Mt. Sterling, has been admitted to Fayette Memorial Hospital, Washington C. H., for surgical treatment.

Mrs. Albert Beathard, Mt. Sterling, has been admitted to Fayette Memorial Hospital, Washington C. H., for medical treatment.

Richard Shaw, Kingston, was admitted Tuesday to Chillicothe Hospital for surgery.

M. E. Sensenbrenner, former mayor of Columbus, visited Rodney and Foss Gragg in Bainbridge while returning to his home from Hillsboro after attending the funeral of Mack Sauer on Monday.

The doctor said his wife drew a gun from her car after he and Carole Tregoff confronted her in the garage of the Finch home late last July 18 to discuss a divorce.

Mrs. Cook is the former Carmen Rivera, Madrid, Spain. The meet was held in the Walnut Kindergarten Room. Mrs. Cook answered questions pertaining to Spanish foods, holidays, dress and customs. She exhibited articles from her native country. Among them was a Spanish flag, lace matilla and castanets.

Mrs. Cook gave her 40 listeners and their leaders a much clearer idea of the differences and similarities between the two countries.

Troop No. 354 under the leadership of Mrs. Donald Valentine and Mrs. Arthur Dick, opened the session with the Brownie Promise, followed by the Pledge of Allegiance.

Refreshments were served by Troop No. 56 whose leaders are Mrs. Wilson Wood, Mrs. Paul Smith and Mrs. Ralph Ankrom.

The meeting concluded with the singing of the Brownie song, "Day is Done" led by Troop No. 14 under the direction of Mrs. William Wolfe, Mrs. Charles Flaker and Mrs. William Hulse.

He testified earlier that he made the women get into the car so he could drive to the hospital.

But his wife, he said, grabbed the pistol and ran from the garage. He said he followed her, grabbed the weapon again, and it discharged accidentally—fatally wounding his wife—as he tried to throw it away.

The doctor said Miss Tregoff fled the scene during the garage episode.

Mrs. William Canter, 1041 Sunshine St., is a surgical patient at University Hospital, Columbus.

Melvin Kiger Named to Office

Melvin Kiger, Washington C. H., formerly of Circleville, was elected president of the Ohio Polled Short-horn Association at the annual meeting held recently in Columbus.

Charles South, Franklin, was named vice-president, and William Courtwright, Amana, a secretary-treasurer.

Finch Shows Details of Fatal Struggle

LOS ANGELES (AP) — A pistol in his hand, Dr. R. Bernard Finch stood over the man who is prosecuting him on a murder charge.

"I won't hit you," Dr. Finch told Deputy Dist. Atty. Fred N. Whichever. "I promise."

Whichello sat on the floor before the jury box, demonstrating the position the doctor said his wife was in when he hit her with a gun butt, fracturing her skull.

This blow, he said, was struck shortly before Barbara Jean Finch died—shot through the back.

The doctor maintains she was shot accidentally.

"I wasn't mad at Barbara," Finch testified Wednesday. "I was scared to death. I wasn't mad at her."

The doctor said his wife drew a gun from her car after he and Carole Tregoff confronted her in the garage of the Finch home late last July 18 to discuss a divorce.

Finch, 42, and Miss Tregoff, his 23-year-old mistress, are charged with murder.

Stock Mart Trading Hits Slow Pace

NEW YORK (AP) — A few issues made good gains in a narrowly mixed stock market early this afternoon. Trading was at the slowest pace of 1960.

Small gains and losses, few going to as much as a point, were the general rule for most key stocks.

A scattering of selected issues were up from 1 to about 3 points. The nearness of Friday's Lincoln's Birthday observance had something to do with the extremely light turnover, brokers said. The major stock exchanges will be open but banks will be closed and many in the financial district will take off today for a three-day weekend.

Airlines showed a degree of firmness, tobaccos were steady but steels, motors and chemicals were mixed.

MARKETS

CIRCLEVILLE HOG MARKETS

Hog prices, all net, were reported by the Pickaway Livestock Co-op Association here today as follows:

The President said it was the first time he had encountered that suggestion. He added that he had required Nixon to read the message because, as Eisenhower put it, Nixon in the next few months will be defending the best way to approach the farm problem.

Commissioners

Named to Assn. Groups

The Pickaway County Commissioners to day received appointments to committees of the Ohio Commissioners' Assn. of Ohio, according to an announcement made by Roy Stillwagon, Trumbull County Commissioner and President of the state association.

Charles Morris Jr. was named to the Legislative Committee; Wayne G. Hines to Civil Defense, and Clyde E. Michel, Highway.

The committees will study legislation to be introduced at the next session of the Ohio Legislature in 1961 and will do research in the interest of the 88 Ohio counties.

Finch Shows Details of Fatal Struggle

LOS ANGELES (AP)—A pistol in his hand, Dr. R. Bernard Finch stood over the man who is prosecuting him on a murder charge.

"I won't hit you," Dr. Finch told Deputy Dist. Atty. Fred N. Whichello. "I promise."

Whichello sat on the floor before the jury box, demonstrating the position the doctor said his wife was in when he hit her with a gun butt, fracturing her skull.

This blow, he said, was struck shortly before Barbara Jean Finch died—shot through the back.

The doctor maintains she was shot accidentally.

"I wasn't mad at Barbara," Finch testified Wednesday. "I was scared to death. I wasn't mad at her."

The doctor said his wife drew a gun from her car after he and Carole Tregoff confronted her in the garage of the Finch home late last July 18 to discuss a divorce.

Finch, 42, and Miss Tregoff, his 23-year-old mistress, are charged with murder.

Whichello sat on the courtroom floor to help the doctor illustrate his version of the incident in the Finch garage.

The doctor said: "When I jerked it (the gun) away from her, Mr. Whichello, I grabbed her head—and jerked it forward—and went, bang!"

He Finch swung the pistol twice close to the prosecutor's temple.

He testified earlier that he made the woman get into the car so he could drive to the hospital.

But his wife, he said, grabbed the pistol and ran from the garage. He said he followed her, grabbed the weapon again, and it discharged accidentally—fatally wounding his wife—as he tried to throw it away.

The doctor said Miss Tregoff fled the scene during the garage episode.

Berger Treats One

Only one emergency was treated and released at Berger Hospital yesterday.

Julie Strouse, 20 months, daughter of Mr. and Mrs. Don Strouse, Laurelvile, cut her forehead when she fell while running at home yesterday.

The doctor said Miss Tregoff fled the scene during the garage episode.

He was arrested by city police.

Rose Leads the Poll

Flower lovers, better than a million strong, have spoken. Their choice for a national flower is the rose and Congress has been so advised by the retail florists who conducted the poll.

Of course, the balloting may prove to be no more binding than a candidate's promise to cut taxes. Congressmen with sectional sentiment to satisfy have been known to participate in arrangements that fall short of popular desire. And in this case they could point to the fact that millions who didn't enter florists' shops during the voting were not represented.

But the poll did narrow the field. Grass, despite a strong local pitch for Kentucky Blue, ran 18th. The corn tassel placed 19th, even though the Pilgrims might not have been able to stay without it. New

Jersey's state flower, the violet — sponsored by Senator Case and backed by some old Al Jolson records — also was out of the running.

So into the stretch drive go the rose with 386,841 backers, Colorado's carnation with 171,591, and the chrysanthemum with 75,729. The odds favor the rose, but Congress can do anything in a presidential election year.

Courtin' Main

One doesn't need a road map to find where the road to perdition leads to.

Best Kids Are Middle Class

By Hal Boyle

NEW YORK (AP)—Things a bats can see pretty well in day-columnist might never know if he time.

Your son is least likely to become a juvenile delinquent, according to a Harvard University survey, if you earn more than \$2,000 but less than \$10,000 annually. Most delinquents come from poverty stricken families or high income ones in which there is "too much freedom and too much money."

Inflation Note: Eight years ago 55 per cent of U. S. restaurants still served a nickel cup of coffee. Now only 4 per cent do. Of the rest, 83 per cent charge a dime and the others 7 cents, 12 cents—and more.

People sometimes say, "I'm getting blind as a bat." But bats aren't blind. Naturalists believe

people have suspected for a long time it does have a lot to do with popularity. In Poland there is an ancient proverb: "When I had money everyone called me brother."

Where-Did-it-Start Dept: Gin rummy, the most popular card game of the 1940s, was invented in 1909 by Elwood T. Baker, a Brooklyn businessman. It is a variation of an older game called "knock rummy."

Some psychiatrists now hold that nagging is the biggest single cause of divorce. (So, if you really want to keep your husband, Dearie, shaddup!)

Our Quotable Notables: "I have been driven many times to my knees," said Abraham Lincoln, "by the overwhelming conviction that I had nowhere else to go."

Money isn't everything, but people

How Does the Layman Know?

By George Sokolsky

Just plain citizens are not experts about strategic airplanes, rockets, missiles, A-bombs and H-bombs and all that sort of thing. When they read big headlines announcing that respected generals disagree with the program of President Eisenhower and that the president calls the generals parochial, the citizen becomes worried about his own future. He wonders whether this is campaign - year politics or whether his country is really falling behind Soviet Russia.

Then when responsible Senators such as Lyndon Johnson and Stuart Symington say that the Russians have a three to one lead on us, the public knowing what it costs the American taxpayer every year to keep up the national defense, becomes anxious not only about our civilization and our country but about our sons. What are those responsible doing about our defenses?

President Eisenhower is a professional military man who is highly respected not only for his success as a soldier but for his personality and his character. One is not likely to believe that the President would deliberately not tell the truth or that he would imperil his country. On the other hand, it is also not likely that responsible generals would lie about the armed services or imperil the defense of our country. Senator Lyndon Johnson has shown, over the years, that he is capable of putting country above party and although he is a candidate for the Presidency, he would not endanger his country in pursuit of opportunity.

This then presents a very confused picture to the layman, because it is not just a difference of opinion among honest men. It is a difference of judgment based on knowledge, upon a complete possession of all the facts. If all these men, from the President down, who are providing data and judgment on the national defense present so confusing a picture, what is the citizen

to believe? Whom is the citizen to believe? We are not facing a prize-fight to decide on a favorite; we are facing the future of our country.

This is very important as a military fact. Clausewitz, the world's classical authority on war, pays great attention to the will to victory, the will of a whole people not to be defeated.

The Russians have done a double job, not only of what we call propaganda, but of achievement,

which is having a notable effect everywhere:

1. They have created doubt, uncertainty and even fear in the United States and among the Western nations. Sputnik had nothing to do with the International Geophysical Year. Sputnik told the military men of the world that the Russians could land a missile anywhere; Sputnik told the American people that the Russians have continued to devote themselves to breaking the morale of the American people with a frequency of events not presently calculable in their results;

2. At the same time, the Kremlin by these identical events and activities has established a confidence among the Russians and the various peoples of the Soviet Universal State in the inevitability of Russian victory. The word

**KENNY'S
MARKET**

3 Miles South of Circleville on the Kingston Pike
Open 8 a. m. to 9 p. m. Daily — Except Sunday

WASHINGTON (AP) — What's the "Spirit of Camp David"?

It's a pretty phrase. Been floating around ever since last fall when President Eisenhower had Premier Nikita Khrushchev up to his Maryland camp and they seemed to get along all right.

Sounds like an echo, too.

Back in 1955, in the summer, Eisenhower met with Khrushchev and other Soviets at a summit conference in Geneva. Pretty soon the "Spirit of Geneva" was floating around, at least in this country.

If it meant anything, it seemed to mean some kind of new international quietude. The then Secretary of State John Foster Dulles said after the meeting a "new spirit" does, indeed, prevail."

He expressed the belief the situation was ripe for solution of the problem of unifying Communist East Germany and West Germany, which was in the Western camp.

Dulles was so carried away by what could not have been—judging from what followed—any more than Soviet cordiality and even jollity at Geneva.

Whatever the new spirit was, it didn't last long. Dulles went back to Geneva for a foreign ministers meeting with the Soviets in October. They got nowhere. And Dulles came away disillusioned. Pretty soon he was saying the cold war was on again.

Fifteen months ago Khrushchev began a campaign to force the West to get its troops out of West Berlin. It was really in an effort to get some understanding with

him that Eisenhower invited him over here.

Khrushchev didn't back down on wanting the troops out. But he didn't, when he talked to Eisenhower, set a deadline. Since then some people, forgetting the Geneva summit, have been talking about the "Spirit of Camp David."

Since then the Soviets have been a little tough in different directions and suddenly we began to hear the "Spirit of Camp David" was dead. Eisenhower met with him Feb. 3 new conference tried to bring this spirit back to earth.

He deprecated the phrase: Spirit of Camp David. He said his talks with Khrushchev there were held in a friendly atmosphere. That, he said, is all the Spirit of Camp David amounted to.

Last Monday Secretary of State Christian A. Herter wouldn't go any further than saying he thought the Soviet attitude was tougher since the Camp David meeting.

This kind of business—are the Soviets getting tougher? —will probably go on from now until Eisenhower meets with Khrushchev at the next summit meeting in May.

By James Marlow

The one reality which seemed most clearly to underlie the Soviet performance at Geneva and Camp David actually seemed to be this: They haven't given anything away and they're not likely to. They don't seem anxious for war since it could ruin them, no matter whom they also ruined.

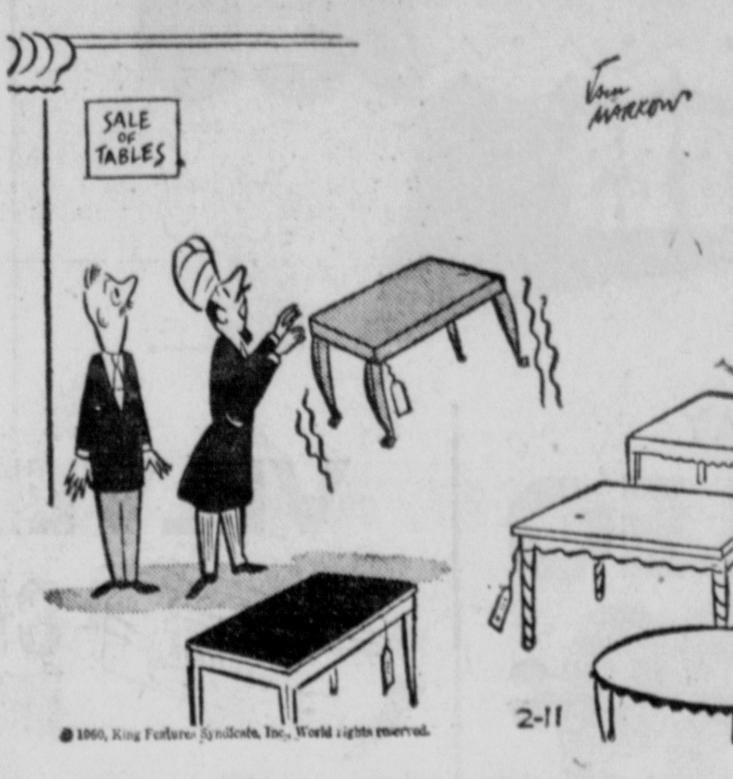

They're determined communism will take over the world. They'll push here and push there, gently or hard, depending on how much they think they can get away with.

At Paris they may make some concessions but if they do it will be because for the time being, at least, they see some particular advantage to the Soviet Union in doing so.

If they don't eventually go to war to take over the world, they'll try to take it by propaganda, foreign aid and any peaceful device they can think of.

This contest with communism isn't likely to stop. It will probably get more intense, even without shooting, as the Soviets develop even more military power and start catching up with us economically.

LAFF-A-DAY

Let's Banish Diphtheria

By Herman N. Bundesen, M.D.

I was alarmed, but not surprised, to learn recently of an outbreak of diphtheria in sections of the Great Plains area.

Doctors have been aware for some time that adults are becoming increasingly susceptible to the disease. Sick test surveys indicate that far too many persons have failed to maintain through toxoid immunization as a child.

Medical science today is at a level where diphtheria can be classified as an unnecessary disease. Health officials frequently have said that every community has the power to determine its own diphtheria rate. I want to go even farther and say:

"Every person has the power to determine his own diphtheria rate."

Diphtheria exists and is spread today because too many persons in this country fail to take advantage of the protection available to them.

Since diphtheria is, as a rule, a cold weather disease, we expect an upsurge of cases during the fall and winter months. And we will continue to expect such upsurges until more adults protect themselves with toxoid.

Diphtheria is caused by a germ which we call the diphtheria bacillus. It settles in the nose or throat and produces a poison which is carried by the blood throughout the body.

This poison is called a toxin. Sometimes it attacks the nerves, muscles or heart and causes paralysis. Meanwhile, a membrane forms in the throat. This membrane may extend to the windpipe and obstruct breathing. Either this

or severe storm which was over central Illinois 24 hours ago was over Lake Ontario on this morning's weather map. High pressure was centered over the northern plains. Snow flurries, windy and much

Ohio Farmers' Union Likes Sen. Young's Voting Record

WASHINGTON (AP)—Members of the Ohio Farmers' Union talked to Sen. Stephen M. Young (D-Ohio) today. They later expressed great pleasure at his attitude on farm legislation.

"Sen. Young has been voting the way we feel is very good," said the Ohio Farmers' Union chairman, Joseph W. Fichter of Oxford. "In my judgement he is just doing a 100 per cent job."

The Ohioans, here for a regional

conference, also tried to call on Sen. Frank J. Lausche (D-Ohio), but were advised he has the flu.

Lausche frequently has voted differently from Young on farm legislation. Fichter told reporter he is optimistic about Lausche's future votes.

Fichter and his fellow farmers did talk to Lausche's administrative assistant, Ray White. Fichter said this convinced him Lausche "recognizes the importance of

federal aid to schools law.

Fichter's group, claiming a membership of about 10,000 Ohio farmers, also called on Ohio House members. In their conversations with the congressmen, the farmers said they think a new farm program should be put into effect this year with the emphasis on keeping the small farmer in business.

"Something has to be done about finding new taxes for building schools," Fichter said. "The property taxes on farms and farmhouses have gone up 50 per cent in recent years."

Goodyear Boosts Price On Some of Its Tires

AKRON, Ohio (AP)—The Goodyear Tire & Rubber Co. today raised replacement tire prices by 3 per cent on certain of its passenger tire lines and from 3 to 5 per cent on most truck tires.

Other increases include a 3 per cent hike on farm implement tires, 3 per cent on industrial pneumatic tires and tubes, and a 5 per cent boost on truck tubes in larger sizes.

Judge Suggests Law Be Changed

SPRINGFIELD, Ohio (AP)—Mandatory sentence of life imprisonment with the jury holding the power to impose execution in first-degree murder cases is the suggestion of an Ohio Supreme Court judge.

Judge John Weld Peck's proposal is the opposite of what present Ohio law provides, in that a jury may cancel the execution only by recommending mercy. Mercy imposes a life sentence.

"Life imprisonment, the more

humane treatment, would provide the person with an eventual parole or pardon in the event his actions in prison indicated he could live as a law-abiding citizen," Peck told Springfield's Executive Club.

The death sentence would be the only appropriate punishment in some cases, however, he added. Peck cited the killing of police officers and the murder of women and children by sex offenders.

'Miss Ohio' Speaks at Sorority Meet

Miss Carole Weiler, 204 N. Pickaway St., modeled clothes and told of her experiences as "Miss Ohio" Monday evening at the Kappa Alpha Chapter of Beta Sigma Phi Sorority meeting.

The meeting was held in the home of Mrs. Charles Reid, 325 Sunset Drive, with Mrs. Miles Reefer assisting.

Mrs. Jack Alkire, Mrs. Thomas Shear and Mrs. Clayton Roth were appointed to the Nominating Committee to compose a slate of officers for the coming year.

It was announced that the Beta Sigma Phi State Convention would be held in Dayton June 3, 4 and 5.

Refreshments were served by the hostesses.

Those attending were Mrs. Clark Bitzer, Mrs. Frank Boyer, Mrs. Charles Curlett, Mrs. George Hammick, Mrs. Reefer, Mrs. Richard Robins, Mrs. Roth, Mrs. Robert Russell, Mrs. Shear, Mrs. Leroy Slusser, Mrs. Howard Snook, Mrs. Alkire, Mrs. Robert Wilkinson, Mrs. Walter Fisher and Miss Mary McLaughlin.

Ruth Circle Stages Meet

Mrs. Ralph Long opened the Ruth Circle meeting of the First EUB Church with devotions Monday evening.

The session was held in the home of Mrs. George Ankrom, 131 Hayward Ave. Mrs. Clarence Willoughby presided at the business meeting. Mrs. Russel Jones gave prayer.

Mrs. Howard Conley, Mrs. Charles Ater and Mrs. James Sawyer were appointed to the Nominating Committee to select a slate of officers for the April meeting. Mrs. Frank Hawks gave the closing prayer.

Readings were presented by Mrs. John Neuding, Mrs. Ater and Mrs. Jones. The group sang "When the Roll Is Called Up Yonder".

Contests were led by Mrs. Earl Radcliff and won by Mrs. Tom Tatman and Mrs. Ankrom.

A dessert course was served to 13 members and a guest, Mrs. Ankrom, assisted by Mrs. Marie Goodman and Mrs. Clifford Davis.

The April meeting will be held in the home of Mrs. Florence Neuding, E. Mill St. Mrs. John Neuding will be co-hostess.

The tables were decorated in an old fashioned setting using chives, parsley, rod-iron silhouettes and carosene lamps.

Following the dinner Mrs. Schubert Measamer conducted a short business session. She announced that the group was invited to a Japanese Flower Show to be held in the Lazarus Assembly Center, Columbus, February 26-27. Those who would like to attend are asked to call Mrs. Measamer or Mrs. Ben Gordon.

Mrs. George Huskey, program chairman, introduced the guest speaker, David Craven. His subject was "Old Fashioned Cooking" with Old Fashioned Herbs."

Mr. Craven suggested that the use of herbs and spices should enhance the flavor of the food and not dominate it. Also he mentioned

that herbs and spices should be used with caution and use slow cooking so that foods will have a harmony in taste.

One of his favorite recipes which he made for the members and guests was, "Paella del Davido", which means rice with anything. This recipe was compiled of chicken, shrimp, clams, sausage, onions, garlic and herbs.

Following his talk members of the garden club presented him with a gift.

Arrangements for the evening was 1-Using an apothecary jar as a container which was won by Mrs. Theodore Huston; Mrs. John Bell, 2nd; and Mary Ellen Hitchcock, 3rd.

The other class was an arrangement within an apothecary jar which was won by Mrs. Measamer.

The March meeting will feature a "Conservation Program" and "Children's Night." Members of the Circleville Garden Club are invited as guests and are asked to bring their children to this meeting.

Mrs. George Huskey, program chairman, introduced the guest speaker, David Craven. His subject was "Old Fashioned Cooking" with Old Fashioned Herbs."

Guild 38 To Meet At Dr. Carroll's

Members of Berger Hospital Guild No. 38 will meet at 8 p. m. Wednesday in Dr. Ray Carroll's office, N. Pickaway St.

Eastern Star Members Stage 'Go to School' Session

A school atmosphere was in the Masonic Temple when members of Circleville Chapter No. 90, order of the Eastern Star, met for their regular meeting Tuesday evening.

The business meeting was in charge of Mrs. Gladys Shepler. It was announced that the Stock Sale Dinner would be sponsored by the chapter members March 16th. The Past Matron's Circle will meet at the home of Mrs. Clarence Radcliff, 308 Northridge Road at 2 p. m. Thursday, February 18th. A review of the School of Instructions recently held in the Temple was given by the worthy matron, Mrs. Shepler. All officers were asked to present at 8 p. m. February 16th for practice for initiatory work.

At the conclusion of the business session, members adjourned to the dining room for refreshments. The dining room was decorated to represent a "school cafeteria" by Mrs. Mary Agin and her committee. After refreshments were served, the members returned to "school". The teacher was Mrs. Shepler. Mrs. Shepler gave History of the Valentine, its origin and how it has grown in popularity up to the present time. Each member was given a pad and pen and asked to write little notes to some of our shut-in members. These are to be sent to the members with a valentine.

The next meeting will be February 23rd and will be initiatory work for the officers. The committee in charge of refreshments for this meeting will be headed by Mrs. Lu-

cille Jones.

Pickaway Garden Club Has Annual Husbands' Dinner

Over 40 members and guests were present at the Pickaway Garden Club's annual Husbands' Dinner held Friday evening in the Trinity Lutheran Parish House.

Guests included Mrs. Ray Wood, Mrs. Lilian Dougherty, Mrs. John Bell, Mrs. Ralph Frew, Louise Crawford and Miss Marvinne Holderman.

Each member brought a covered dish - from a decorated family recipe. The recipes were turned in and will be compiled in a Sesquicentennial cookbook by Pickaway Garden Club members.

The tables were decorated in an old-fashioned setting using chives, parsley, rod-iron silhouettes and carosene lamps.

Following the dinner Mrs. Schubert Measamer conducted a short business session. She announced that the group was invited to a Japanese Flower Show to be held in the Lazarus Assembly Center, Columbus, February 26-27. Those who would like to attend are asked to call Mrs. Measamer or Mrs. Ben Gordon.

Mrs. George Huskey, program chairman, introduced the guest speaker, David Craven. His subject was "Old Fashioned Cooking" with Old Fashioned Herbs."

Mrs. Craven suggested that the use of herbs and spices should enhance the flavor of the food and not dominate it. Also he mentioned

Local DAR Plans Guest Day Tuesday

Doctor Sires His Own Baseball Team

CHICAGO (AP) — Eight young boys wearing baseball caps went with their father, Dr. Walter T. Hackett, to Resurrection Hospital Tuesday to pick up their mother and their new brother.

Hackett's wife, Mercedes, 43, gave birth to her ninth son, Paul Andres, on Feb. 4, giving the couple enough sons for a baseball team. He weighed 7 pounds 13½ ounces at birth. The other boys range in age from 12 to 1½.

Dr. Hackett is a staff member at Resurrection Hospital. The family lives in suburban Park Ridge.

Stiff Sentence, Fine Given Numbers Peddler

AKRON, Ohio (AP)—Municipal Judge C. B. McRae hit Thomas Hughes, 46, with one of the stiffest numbers fines and sentences ever handed down here. Hughes was sentenced Wednesday a total of 12 months in jail and fined \$2,000 in two counts of numbers possession and a charge of lottery promotion.

Doctor Sires His Own Baseball Team

CHICAGO (AP) — Eight young boys wearing baseball caps went with their father, Dr. Walter T. Hackett, to Resurrection Hospital Tuesday to pick up their mother and their new brother.

Hackett's wife, Mercedes, 43, gave birth to her ninth son, Paul Andres, on Feb. 4, giving the couple enough sons for a baseball team. He weighed 7 pounds 13½ ounces at birth. The other boys range in age from 12 to 1½.

Dr. Hackett is a staff member at Resurrection Hospital. The family lives in suburban Park Ridge.

STIFF SENTENCE, FINE GIVEN NUMBERS PEDDLER

AKRON, Ohio (AP)—Municipal Judge C. B. McRae hit Thomas Hughes, 46, with one of the stiffest numbers fines and sentences ever handed down here. Hughes was sentenced Wednesday a total of 12 months in jail and fined \$2,000 in two counts of numbers possession and a charge of lottery promotion.

OPEN FRIDAY AND SATURDAY 'TIL 9 P. M.

Weekly Food Review

By THE ASSOCIATED PRESS
Sirloin steak and chuck roast—the high and low notes on beef's price scale—are being featured in many supermarket and neighborhood grocery meat counters this week.

Sirloins, plus porter house and round steaks, are the top items in stores scattered from the East through the South, Midwest and Far West, while chuck roast is offered in the East.

Rib roast also is frequently offered with price cuts ranging from 6 to 10 cents a pound from a week ago. Pork chops also are down, prices running from 2 to 20 cents under last week. Leg of lamb is a bargain at some Eastern stores but it's marked up 2 to 10 cents a pound in other areas.

Eggs remain on the bargain list with slight, mixed changes in scattered areas.

Shoppers seeking bargains among processed foods should look for canned corn and frozen spinach or Brussels sprouts.

Best buys among fresh vegeta-

bles are cabbage, carrots, escarole, small to medium yellow onions, parsley, potatoes, sweet potatoes, rutabaga, turnips, spinach and radishes. The last-named are down sharply this week.

Good buys include beets, brocoli, Florida celery, Chinese cabbage, endive and cauliflower.

More expensive are snap beans, cucumbers, eggplant, lettuce (although lower than last week), green peas, peppers, tomatoes and California celery.

He'll have two ballots made for each party.

When he tried to fit the large number of candidates for each party on one ballot, he found the ballots could not be kept within the 22-by-17-inch maximum size for

each week.

Each Ohio Party To Have 2 Ballots

COLUMBUS, Ohio (AP)—Secretary of State Ted W. Brown has found a way to get around the problem of oversized ballots for the May 3 primary elections.

He'll have two ballots made for each party.

When he tried to fit the large number of candidates for each party on one ballot, he found the ballots could not be kept within the 22-by-17-inch maximum size for 14-by-10½-inch ballot.

printing presses in many smaller counties.

He is putting candidates for the Democratic national convention on a 16-by-11½-inch ballot and other elective offices on a 16-by-10½-inch ballot.

Republican convention delegates will appear on a ballot 19 by 5 inches and those for other offices on 14-by-10½-inch ballot.

Short-Term Money May Cut Gold Horde

Foreign Funds in U.S.
Now Built Up Past Working Balances

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — The easing in some short-term money interest rates here is renewing a fear today that the United States may lose more of its gold to other nations.

The potential is there. Foreign holdings of U.S. securities and time deposits in banks have been building up. These are in excess of needed working balances.

In 1958 and 1959 others got seven and a third billion dollars more from us than they paid to us. They took three and a third billion dollars of it in our gold and left four billion in dollar assets. This was added to the sizable sums they already had invested here. In 10 years this has grown by 16½ billion dollars. Our gold supply is now 19½ billion dollars.

When interest rates started up, gold looked less attractive since it pays no interest and other lands turned to buying U.S. securities and piling up bank deposits on which they drew interest.

If money rates turn much easier again—the drop so far hasn't been too great—gold might regain its old appeal as an impressive reserve for other currencies and we could lose some more. That's because, unlike American citizens, foreign central banks can turn dollar holdings into gold.

The foreign reserves grew at our expense because we kept increasing our imports while our exports were falling, because of our outlays in official foreign aid, and because of private American spending abroad in investments, plant construction and travel.

Officials and foreign traders themselves think that exports should pick up this year and narrow the gap somewhat.

But other remedies of a long-run nature are being urged. President Eisenhower has told Congress that "a strengthening of exports continues to be essential." He also has asked our overseas friends who have been becoming more affluent to pick up some of the foreign aid tab. After all, some of their present prosperity was due to the aid they got from us.

Teays Valley School Menu

MONDAY — ham salad sandwich, green beans, fruit and milk; TUESDAY — creamed hamburger, potatoes, vegetables, fruit, sandwich, milk; WEDNESDAY — Johnnie Marzetti, sole slaw, fruit, sandwich, milk; THURSDAY 18 — baked ham, potatoe, jello sandwich, milk; THURSDAY 19 — fish stick, corn, vegetable strips, applesauce, sandwich, milk; FEBRUARY 22 — Chili, apple crisp, sandwich, milk; FEBRUARY 23 — hash, green beans, fruit, sandwich, milk; FEBRUARY 24 — beans and meat, tossed salad, fruit, corn bread, milk; FEBRUARY 25 — hot roast beef, mashed potatoes, vegetable strips, fruit, milk; FEBRUARY 26 — Tuna fish, peas, perfection salad, sandwich, milk.

Darbyville News

Disc Jockey Gets Fees Just For 'Listening'

WASHINGTON (AP) — A former Cleveland disc jockey, fired from his \$20,000-a-year job on charges of accepting payola, testified today he collected an extra \$12,000 in two years as listening fees from record companies.

Wesley Hopkins told the House Legislative Oversight subcommittee that he got the \$12,000 for listening to records of the firms paying him and making sure they were "not lost in the shuffle."

The 33-year-old former disc jockey insisted, however, that the money was not payola—a trade term for undercover payments to plug records.

Hopkins, who said he doesn't have a job now, was the second former Cleveland disc jockey to appear before the subcommittee investigating payola.

A former colleague, Joseph Finan, testified Tuesday that he received more than \$15,000 in 1958-59 as adviser and consultant to record companies while earning a \$40,000-a-year salary.

Both Finan and Hopkins were fired from Cleveland station KYW last December on allegations they had accepted payola. Both denied it.

Mrs. William Wright Sr.

Mr. and Mrs. Forrest Hunt and family of Columbus, Mr. and Mrs. Ray McCann of Mt. Sterling spent Saturday evening with Mr. and Mrs. Carl Martin and family.

Mr. and Mrs. Phil Neff and son of Columbus were Sunday evening dinner guests of Mr. and Mrs. Wendell Neff.

Mr. and Mrs. Donald Thatcher and daughter of Circleville were Sunday dinner guests of Mr. and Mrs. Charles Huffer and family.

Mr. and Mrs. Charles Allison and family, Mr. and Mrs. Bill Ankrom and family, Mr. and Mrs. Ernest Ankrom and family of Circleville, Mr. and Mrs. John Fleming and family, Mr. and Mrs. Don Rason and family of Columbus, were Sunday afternoon visitors of Mr. and Mrs. Ray Ankrom and Mr. and Mrs. Ray Hulse and daughter.

3-Year Picket Of Club Is Ended

NEW YORK (AP) — Three years of union picketing outside the Stork Club has been ordered stopped by a federal judge using the new Landrum-Griffin labor law.

Dist. Judge Archie O. Dawson granted the preliminary injunction against the picket line Tuesday at the request of the National Labor Relations Board.

The judge ruled that the NLRB had shown the Hotel and Restaurant Workers Union was picketing to force the Stork Club to recognize the union as bargaining agent for its employees.

Such picketing is banned by the Landrum-Griffin law.

Youngstown Turned Down By Ohio Board

COLUMBUS, Ohio (AP) — The

court board is not expected to begin any enforcement action. By law, the board can give the city 60 days' notice, then turn the matter over to the attorney general's office in an attempt to fine the community for each day it does nothing about the sewage problem.

If the matter eventually is turned over to the attorney general, action probably would be initiated in Mahoning County Common Pleas Court.

In other action the board also denied a permit to Wellston of

Nuclear physicist Edward Teller plays the piano for relaxation.

Jackson County, which needs secondary sewage treatment facilities. There was no immediate indication that Wellston will also ap-

peal.

Short-Term Money May Cut Gold Horde

Foreign Funds in U.S. Now Built Up Past Working Balances

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP) — The easing in some short-term money interest rates here is renewing a fear today that the United States may lose more of its gold to other nations.

The potential is there. Foreign holdings of U.S. securities and time deposits in banks have been building up. These are in excess of needed working balances.

In 1958 and 1959 others got seven and a third billion dollars more from us than they paid to us. They took three and a third billion dollars of it in our gold and left four billion in dollar assets. This was added to the sizable sums they already had invested here. In 10 years this has grown by 16½ billion dollars. Our gold supply is now 19½ billion dollars.

When interest rates started up, gold looked less attractive since it pays no interest and other lands turned to buying U.S. securities and piling up bank deposits on which they drew interest.

If money rates turn much easier again—the drop so far hasn't been too great—gold might regain its old appeal as an impressive reserve for other currencies and we could lose some more. That's because, unlike American citizens, foreign central banks can turn dollar holdings into gold.

The foreign reserves grew at our expense because we kept increasing our imports while our exports were falling, because of our outlays in official foreign aid, and because of private American spending abroad in investments, plant construction and travel.

Officials and foreign traders themselves think that exports should pick up this year and narrow the gap somewhat.

But other remedies of a long-run nature are being urged.

President Eisenhower has told Congress that "a strengthening of exports continues to be essential." He also has asked our overseas friends who have been becoming more affluent to pick up some of the foreign aid tab. After all, some of their present prosperity was due to the aid they got from us.

Ohio Democrats Correct Error

Boner in Ballot Could Be Costly

COLUMBUS, Ohio (AP) — The Ohio Democratic organization corrected an error today that could have cost its slate of presidential delegate candidates thousands of votes at the May 3 primaries.

It had delivered to Secretary of State Ted W. Brown a resolution calling for election of only 34 delegates and 17 alternates at large but had filed a slate of 36 candidates for delegates and 18 for alternates, all pledged to Gov. Michael V. DiSalle as favorite son.

Brown had proofs of paper ballot forms ready limiting a voter to casting votes for 34 delegates and 17 alternates in accordance with the resolution.

Had this gone through, many voters would have marked their ballots for all of the DiSalle-pledged delegate and alternate candidates without noting they were limited to vote for 34 and 17. Such ballots would have been thrown out.

Democratic State Chairman William L. Coleman maintained the resolution delivered to Brown was not the one adopted by the state central and executive committee. He said the one adopted called for election of 36 delegates and 18 alternates.

He submitted the correct resolution to Brown today and the ballot form was to be corrected.

The error came because he prescribed that each state's national committeeman and committeewoman shall have a half vote each as a delegate-at-large at the national convention.

Under Ohio law, these two cannot automatically be delegates. They must be elected. The state organization included Albert A. Horstman of Dayton, national committeeman, and Mrs. Helen T. Gunsett of Van Wert, national committeewoman, among its 36 delegate candidates.

In addition to the DiSalle slate, the party's ballot also contains 14 candidates for delegates and five for alternates, pledged to Cuyahoga County Engineer Albert M. Porter as favorite son. This slate was entered by Cuyahoga County Democratic Chairman Ray T. Miller.

Local Scouting Attend Session

Three Pickaway District adult scouts attended Tuesday night a Central Ohio Scout Council session of operating committees.

The meeting was held at the White Castle central offices, Columbus. In attendance from here were Richard Compton and Gary Winner, vice chairmen of the district's camping and activities committee;

David Amos, vice chairman of the district's advancement committee.

GOP Candidate Freed On Lewd Picture Rap

CANTON, Ohio (AP) — A charge against former state representative Jerry Hawk of possessing a lewd print or printing plate was dismissed here Wednesday by Municipal Judge Robert P. Wilson. The judge said part of the city ordinance cited in the trial, which ended Dec. 21, was in conflict with the pertinent state law and therefore was unconstitutional.

Hawk, a Republican and owner of a letter shop and advertising firm here, is seeking the GOP nomination as state senator from Stark and Carroll counties.

PALS TO THE RESCUE — Valerie, pet of all the neighborhood children, clings fearfully to a post (left) during a 5-foot flood in Kentfield, Calif. Two of her pals, Jim Dower (holding the dog) and Dick Torney, rescued her. Hundreds of persons were forced to flee their homes when torrential rains pushed the Eel river in Humboldt county, about 200 miles north of San Francisco, over its banks.

31 Pinball Gadgets Taken

DOVER, Ohio (AP) — Thirty-one pinball machines and slot machine parts, making up three vanloads worth an estimated \$25,000, were seized by raiders Wednesday at a warehouse-office of George Markos' Dover Novelty Co.

Markos is one of five men indicted on charges of bribing Mayor Clifford C. Froelich. He has pleaded innocent and is scheduled to go on trial March 21.

Markos and three employees, one of them Frank Duda who also was indicted on the bribery charges, were in the place when city, county and state authorities made their raid at 4 p.m.

Rail Union Rebel Finally Gains Office

CLEVELAND (AP) — W. J. Weil, general secretary-treasurer of the Brotherhood of Railroad Trainmen since 1954, has salvaged a top job in the 200,000-member union from his defeat at the hands of President William P. Kennedy's administration forces.

Weil was elected a vice president Wednesday, defeating F. C. Montgomery of Willoughby Hills, Ohio, 664-433. He was the 11th vice president chosen by the 1,100 delegates who have been in convention here since Jan. 4.

Earlier Weil lost in efforts to displace Kennedy as president, to become assistant president, and to get re-elected secretary-treasurer. He also lost his first attempt to win one of the 15 vice presidencies.

Others elected to four-year terms as vice presidents Wednesday were H. F. Sites of Philadelphia, V. W. Satterwhite of Richmond, Va., and John H. Shepherd of Omaha, Neb.

At a dinner-dance Wednesday night 1,500 delegates, wives and guests at the convention celebrated the election victory which kept Kennedy in the job he has held since 1949. Banquet speaker was Sen. Eugene J. McCarthy (D-Minn.). He rapped the Eisenhower Administration for what he said was its failure to "get behind the curtain and find out the facts" on the missile and space program.

Soviet Scientist Sends British Data

LONDON (AP) — Dr. Igor Kurchatov, top Soviet atomic scientist, sent important research papers to London just before his death last week.

Kurchatov sent the papers by ordinary mail to Capt. Ian Maxwell, chairman of a British firm of scientific publishers. Government scientists now are translating them.

The papers apparently gave details of recent work to harness the power of the hydrogen bomb for civilian purposes, Maxwell said.

He emphasized that Kurchatov's action involved no breach of Soviet security.

I take it that it is best for all to leave each man free to acquire property as fast as he can. Some will get wealthy. I don't believe in a law to prevent a man from getting rich; it would do more harm than good. So while we do not propose any war upon capital, we do wish to allow the humblest man an equal chance to get rich with everybody else. When one starts poor, as most do in the race of life, free society is such that he knows he can better his condition; he knows that there is no fixed condition of labor for his whole life."

Ohio Democrats Correct Error

Boner in Ballot Could Be Costly

COLUMBUS, Ohio (AP) — The Ohio Democratic organization corrected an error today that could have cost its slate of presidential delegate candidates thousands of votes at the May 3 primaries.

It had delivered to Secretary of State Ted W. Brown a resolution calling for election of only 34 delegates and 17 alternates at large but had filed a slate of 36 candidates for delegates and 18 for alternates, all pledged to Gov. Michael V. DiSalle as favorite son.

Brown had proofs of paper ballot forms ready limiting a voter to casting votes for 34 delegates and 17 alternates in accordance with the resolution.

Had this gone through, many voters would have marked their ballots for all of the DiSalle-pledged delegate and alternate candidates without noting they were limited to vote for 34 and 17. Such ballots would have been thrown out.

Democratic State Chairman William L. Coleman maintained the resolution delivered to Brown was not the one adopted by the state central and executive committee. He said the one adopted called for election of 36 delegates and 18 alternates.

He submitted the correct resolution to Brown today and the ballot form was to be corrected.

The error came because he prescribed that each state's national committeeman and committeewoman shall have a half vote each as a delegate-at-large at the national convention.

Under Ohio law, these two cannot automatically be delegates. They must be elected. The state organization included Albert A. Horstman of Dayton, national committeeman, and Mrs. Helen T. Gunset of Van Wert, national committeewoman, among its 36 delegate candidates.

In addition to the DiSalle slate, the party's ballot also contains 14 candidates for delegates and five for alternates, pledged to Cuyahoga County Engineer Albert M. Porter as favorite son. This slate was entered by Cuyahoga County Democratic Chairman Ray T. Miller Sr.

Local Scouters Attend Session

Three Pickaway District adult scouts Tuesday night attended a Central Ohio Scout Council session of operating committees.

The meeting was held at the White Castle central offices, Columbus. In attendance from here were Richard Compton and Gary Winner, vice chairmen of the district's camping and activities committee.

David Amos, vice chairman of the district's advancement committee.

GOP Candidate Freed On Lewd Picture Rap

CANTON, Ohio (AP) — A charge against former state representative Jerry Hawk of possessing a lewd print or printing plate was dismissed here Wednesday by Municipal Judge Robert P. Wilson. The judge said part of the city ordinance cited in the trial, which ended Dec. 21, was in conflict with the pertinent state law and therefore was unconstitutional.

Hawk, a Republican and owner of a letter shop and advertising firm here, is seeking the GOP nomination as state senator from Stark and Carroll counties.

PALS TO THE RESCUE — Valerie, pet of all the neighborhood children, clings fearfully to a post (left) during a 5-foot flood in Kentfield, Calif. Two of her pals, Jim Dower (holding the dog) and Dick Torney, rescued her. Hundreds of persons were forced to flee their homes when torrential rains pushed the Eel River in Humboldt county, about 200 miles north of San Francisco, over its banks.

31 Pinball Gadgets Taken

DOVER, Ohio (AP) — Thirty-one pinball machines and slot machine parts, making up three vanloads worth an estimated \$25,000, were seized by raiders Wednesday at a warehouse-office of George Markos' Dover Novelty Co.

Markos is one of five men indicted on charges of bribing Mayor Clifford C. Froelich. He has pleaded innocent and is scheduled to go to trial March 21.

Markos and three employees, one of them Frank Duda who also was indicted on the bribery charges, were in the place when city, county and state authorities made their raid at 4 p.m.

Rail Union Rebel Finally Gains Office

CLEVELAND (AP) — W. J. Weil, general secretary-treasurer of the Brotherhood of Railroad Trainmen since 1954, has salvaged a top job in the 200,000-member union from his defeat at the hands of President William P. Kennedy's administration forces.

Weil was elected a vice president Wednesday, defeating F. C. Montgomery of Willoughby Hills, Ohio, 664-432. He was the 11th vice president chosen by the 1,100 delegates who have been in convention here since Jan. 4.

Earlier Weil lost in efforts to displace Kennedy as president, to become assistant president, and to get re-elected secretary-treasurer. He also lost his first attempt to win one of the 15 vice presidencies.

Others elected to four-year terms as vice presidents Wednesday were H. F. Sites of Philadelphia, V. W. Satterwhite of Richmond, Va., and John H. Shepherd of Omaha, Neb.

At a dinner-dance Wednesday night 1,500 delegates, wives and guests at the convention celebrated the election victory which kept Kennedy in the job he has held since 1949. Banquet speaker was Sen. Eugene J. McCarthy (D-Minn.). He raped the Eisenhower Administration for what he said was its failure to "get behind the curtain and find out the facts" on the missile and space program.

Soviet Scientist Sends British Data

LONDON (AP) — Dr. Igor Kurchatov, top Soviet atomic scientist, sent important research papers to London just before his death last week.

Kurchatov sent the papers by ordinary mail to Capt. Ian Maxwell, chairman of a British firm of scientific publishers. Government scientists now are translating them.

The papers apparently gave details of recent work to harness the power of the hydrogen bomb for civilian purposes, Maxwell said.

He emphasized that Kurchatov's action involved no breach of Soviet security.

Baldwin-Wallace Buys Acreage for Expansion

CLEVELAND (AP) — Baldwin-Wallace College in suburban Berea enlarged its campus by about 30 per cent with the purchase Wednesday of 17½ acres of land from the neighboring Methodist Children's Home. Cost was \$400,000. The purchase was an early step in a 15-million-dollar building program, said Dr. Alfred B. Bonds Jr., college president. No immediate plans were announced.

Correction

The Circleville Post Office will be open Friday, not closed to observe Abraham Lincoln's birthday as stated in yesterday's Herald. It will close February 22 to observe George Washington's birthday.

NIT Entries Face Trouble

3 Teams Defeated Since Invites OK'd

By THE ASSOCIATED PRESS
Maybe those teams which jumped at the chance to get into the National Invitation Basketball Tournament would have been better off waiting until their regular season schedules were further along.

In the past week five teams, Detroit, Providence, Dayton, Memphis State and Villanova, accepted bids to play in next month's NIT in New York.

Then the trouble started. Detroit lost to Toledo 69-61 Saturday. Providence was beaten by St. Bonaventure 90-89 in triple overtime Tuesday. And Wednesday night, Dayton was upset by Duquesne 79-66. Only Villanova and Memphis State have emerged unscathed since saying "okay" to the NIT.

In other major games, 11th ranked Toledo beat Bowling Green 76-56; Kansas edged Kansas State 64-62 and knocked the Wildcats out of the Big Eight Conference lead; Marquette downed Louisville 78-70 and Maryland nipped Virginia 44-43.

In a Philadelphia doubleheader, Jack Egan scored 29 points in leading St. Joseph's (Pa.) to a 78-73 victory over St. Peter's of Jersey City, N.J. and Bill Kennedy scored six points in the final two minutes to lead Temple to a 68-60 triumph over Muhlenberg.

Elsewhere, the Feldman twins, Jon and Jeff, scored six of eight overtime points for George Washington to spark a 78-67 victory over Georgetown (DC); Al Butler connected for 38 points as his Niagara team walloped Syracuse 83-64; Washington State beat Montana 74-70 and Arizona defeated New Mexico 64-62.

In other news, New York University accepted an invitation to play in the NCAA tournament. The Violets, 11-3, will play as an alternate representative in a triple header at Madison Square Garden March 8. They will face the Atlantic Coast Conference champion for the right to advance to the next round at Charlotte, N.C. March 11-12 against the Mid-American Conference winner.

Army Issues April Draft Call for 6,000

WASHINGTON (AP) — The Army today issued a draft call for 6,000 men in April. This is the same quota previously announced for February and March.

The new call brings to 2,515,430 the total number drafted or earmarked for induction since the resumption of Selective Service in September 1950.

Both return to Circleville for frequent visits. They extend an invitation to all local fans to attend Madison sports events.

Mr. Paul Priest, chairman of Parents night, to be held Friday, at the Unioto-Kingston game, gave a report and plans were completed for the occasion.

Parents of the varsity and reserve teams, managers, and cheerleaders will be honored.

Plans were completed for the Athletic Banquet to be held in March. The date will be announced later. Mrs. Lawrence Kerns is chairman.

ALL TICKETS will be sold in advance. Awards from the Booster Club will be given to senior players and senior cheerleaders.

Several valley ball games were played by members of the Booster Club after the meet. The next meeting will be March 14.

Valley ball games will follow this session.

Most Area Teams Are Slated To End Cage Wars on Friday

All but one Pickaway County school will conclude regular basketball play tomorrow in final county league action. Scioto meets Kingston Saturday night.

Headliners are the Ashville (15-2) - Darby (11-5) encounter on the Trojan miniature court and Williamsport's invasion of Walnut. These are important games for all teams in regards to tournament berths.

Other county games pit Jackson (3-15) at Pickaway (1-16), and Atlanta (7-11) at Scioto (5-10).

Homecoming gives Scioto the edge over Atlanta. The Red Raiders have top bankboard men in Ronnie Morris (20.5) and Tom Oyer (12.3), but the Buffaloes have been improving of late.

Saltcreek is tipped as the winner in its battle with Jackson. The Warriors are young, aggressive and potentially dangerous in the forthcoming county tourney. Jackson is a well-rounded quintet with plenty of desire, but so is Saltcreek.

Centralia has its job spelled out when it meets Clarksburg which is ranked 12th in the state. It leads the Ross County League along with Paint Valley and is expected to retain that leadership.

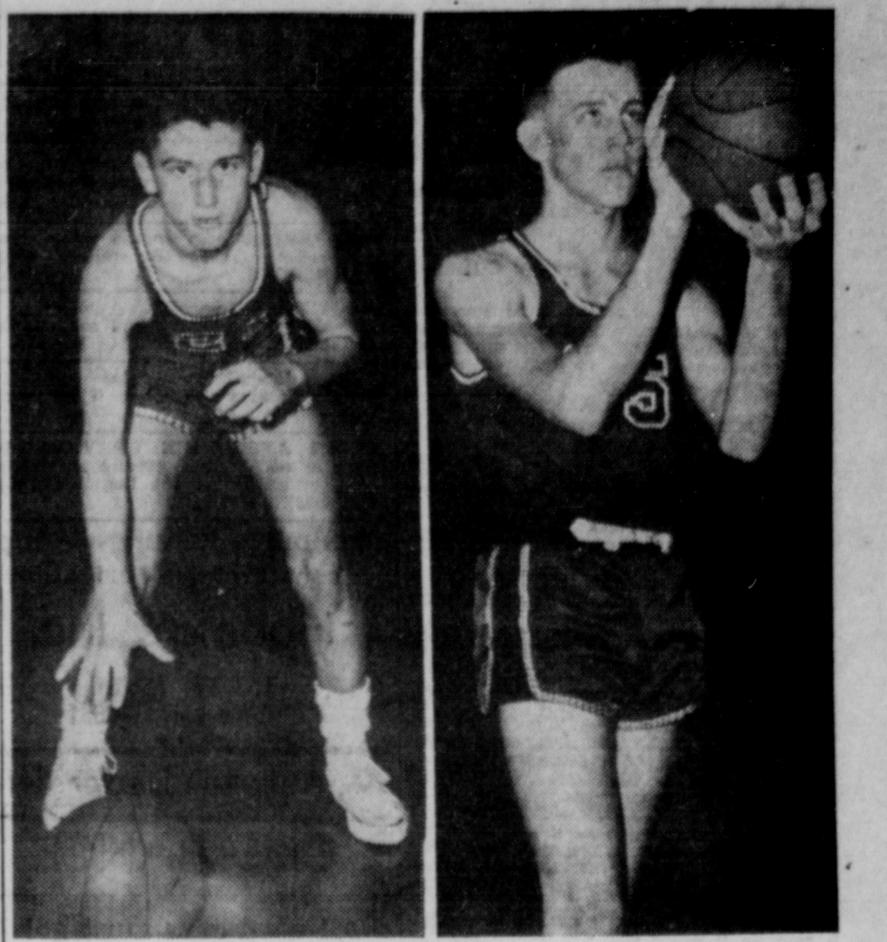

Kingston is given the nod in its game with Unioto. The Shermans are rebounding while the Redskins have one of their most experienced squads in years.

Both lads will need to be "on" to stop a sensational Ashville squad that many sports fans consider one of the best county teams in many years.

The Bronco front line is one of the best in central Ohio. Led by Bobby Hoover (21.4), the squad is ably aided by Tom Rathbun (16.3) and Gary Gaines (11.2). Guard support is provided by Jimmy Gregg (5.6) and Dickie Hollenback (10.4).

Walnut (9-7) and Williamsport (12-6) will be out to break a third place deadlock. The winner could possibly tie for second place if favored Ashville topples Darby. A flip of the coin would decide which squad takes the bracket away from Ashville.

WILLIAMSPT., ranked 63rd statewide, is pegged to win behind the potent scoring of David Myers (25.1), the county individual lead-

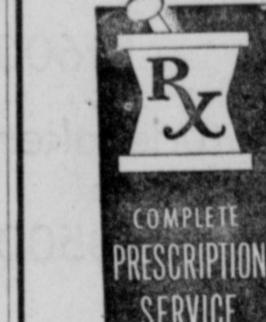

PROMISING SOPHOMORES — Jim Wellington, left, and Dick Kline, right, are two Circleville High School cage sophomores showing plenty of promise this year. Both work with the varsity squad and participate in most reserve non-league games. They will be top returnees for next season's varsity. (Staff Photo)

Other county games pit Jackson (6-11) at Saltcreek (7-8); Monroe (3-15) at Pickaway (1-16), and Atalanta (7-11) at Scioto (5-10).

Ross County action finds Centralia (8-8) meeting rugged Clarksburg (16-1) and Unioto traveling to Kingston (9-7). • • •

ASHVILLE and Darby have a string of winning streaks going. The Broncos will be riding for No. 8 in a row and Darby will concentrate on garnering No. 7.

The 45th ranked Trojans rest their hopes of an upset over 20th state ranked Ashville on the slender shoulders of their backcourt twins, Tommy Liff (18.4) and Tommy Walters (23.1).

Walters had encountered difficulty two nights last week to drop his scoring average. Liff came through with his team play and deadly eye to rally the Trojans for wins in both tests.

Both lads will need to be "on" to stop a sensational Ashville squad that many sports fans consider one of the best county teams in many years.

The Bronco front line is one of the best in central Ohio. Led by Bobby Hoover (21.4), the squad is capably aided by Tom Rathburn (16.3) and Gary Gaines (11.2). Guard support is provided by Jim Gregg (5.6) and Dickie Hollenback (10.4).

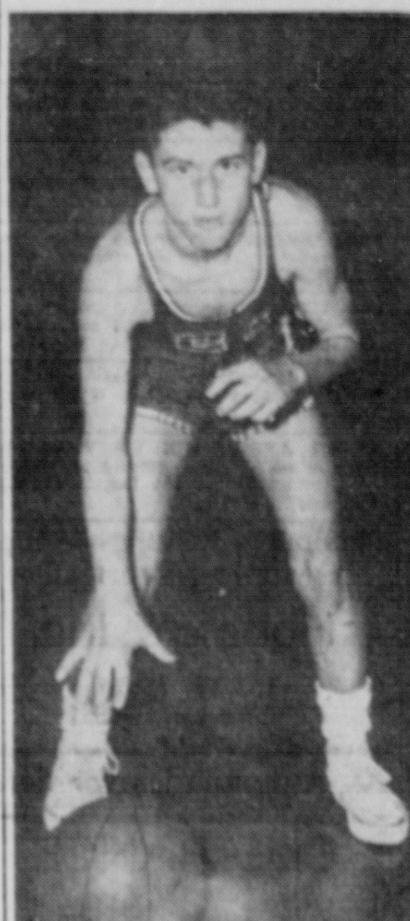

Walnut (9-7) and Williamsport (12-6) will be out to break third place deadlock. The winner could possibly tie for second place if favored Ashville topples Darby. A flip of the coin would decide which squad takes the bracket away from Ashville. • • •

WILLIAMSPORT, ranked 63rd statewide, is pegged to win behind the potent scoring of David Myers (16.1) and Gary Gaines (11.2). A flip of the coin would decide which squad takes the bracket away from Ashville.

• • •

THE TIGER Homecoming Queen is Lois Barr, senior. Miss Barr and her court will be presented at the half of the reserve encounter.

Attendants are Patty Vanhouse, freshman; Joan Puckett, senior; Marlene Crumley, junior, and Peggy Kemmerling, sophomore.

PROMISING SOPHOMORES — Jim Wellington, left, and Dick Kline, right, are two Circleville High School cage sophomores showing plenty of promise this year. Both work with the varsity squad and participate in most reserve non-league games. They will be top returnees for next season's varsity.

In Memoriam

HILLARD H. CURTIS
Sad and lonely are the hearts of those who loved him best.

What simpler or better way is there to describe the sincere loss felt today by the family and many friends of Hillard H. Curtis, who died January 26, 1960.

Kind-hearted and truly good, he led throughout most of his forty-nine years the rugged life of a steel worker, determined to make. Only fourteen years old when he went to work on the Chesapeake & Ohio Railroad—living in camp cars that traveled back and forth on the rails where he had to stand ready to take care of himself and carve a living out of the rough surroundings of hard work and strong men.

Hillard Curtis was born February 15, 1910, in Harrison County, Kentucky, the son of Forrest and Amanda Smith Curtis, both of whom survived. He was preceded in death by two sisters, Libby Curtis and Zulu Curtis Eblin.

Best known to his parents, he survived by two sisters, Mrs. Hazel Cottrell and Mrs. Fay Sturgill; four brothers, William, Robert, Dalle and Ray Curtis; two children, Mrs. Betty Manion and John Curtis; and many grandchildren, Mike, Randy, Connie, Jerry and Johnny Manion, and Sherry Ann and Teresa Lynn Curtis.

Hillard was seven years old when his family moved from Kentucky to Ohio. They lived at various times in Stockdale, Minford, and Owl Creek communities, where he attended schools.

He grew up in Pike County and then twenty years ago moved to Circleville, Ohio, where he continued to follow his chosen career as a railroader.

Hillard's friends were many and came from all walks of life. In time of death, as the railroaders, neighbors, passing acquaintances, came to say their final farewells, some among them wept, some spoke of the friendliness he had been shown upon the trains when in need, and one called him, "Such a fine buddy to me, the best I ever had." It could be said, perhaps that Hillard's genuine pleasure out of life was helping others.

He will be remembered by many and in many ways. How he loved to talk and play with the grandchildren he cherished.

"No one knows the silent heartaches. Only those who have lost can tell. The grief that is borne is silence. For the one we loved we so well."

The Bible says, "In the fourteenth chapter of the book of Revelation, 'I et you that you must be troubled; ye believe in God, believe also in me. In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you, I will come again, and receive you unto myself; that where I am, there ye may be also.' And further I go, 'Ye know the way ye know.'

Thomas saith unto him, 'Lord, we know not whither thou goest; and how can we know the way?' Jesus saith unto him, 'I am the way, the truth, and the life: no man cometh unto the Father but by me.'

O God, our heavenly Father, who has taught us by the holy Apostle not to sorrow concerning things that are in Jesus. Mercifully grant, that after this life, we with all thy saints, may be received into everlasting joy; through Jesus Christ, thy Son, our Lord. Amen.

IN MEMORY

HILLARD H. CURTIS

Sad and lonely are the hearts of those who loved him best.

What simpler or better way is there to describe the simple life of Hillard Curtis, the family and many friends of Hillard H. Curtis, who died January 26, 1960.

Kind-hearted and truly good, he led

throughout most of his forty years the life of a strong-willed, determined man. Only fourteen years old when he went to work on the Chesapeake & Ohio Railroad living and working in a cots on the rail line, he learned at that early age to take care of himself and carve a living out of the rough surroundings of Ward, Kentucky.

Hillard Curtis was born February 18, 1919, in Johnson County, Kentucky, the son of Forrest and Amanda Smith Curtis, both of whom survived. He was preceded in death by his sisters, Libby Marion and Zula Curtis Eublin.

Besides his parents he is survived by two sisters, Mrs. Hazel Cottrell and Mrs. Faye Sturtevant, and his brothers, Forrest, Darrel and Ray Curtis; two children, Mrs. Betty Marion and John Curtis; and seven grandchildren, Mike, Randy, Connie, Jerry and Johnny Marion and Sherryl Ann and Teresa Lynn Curtis.

Hillard was seven years old when his family moved from Kentucky to Ohio.

They lived at New Haven, Stowdale, Dixie and Owl Creek communities, where he attended schools.

He grew up in Pike County and then twenty years ago, he moved to Clarksburg, Ohio, where he continued to follow his chosen career as a railroad worker.

Hillard's friends were many and came from all walks of life. In his time of need, these friends, neighbors, passing acquaintances, came to say their final farewells, some among them wept, some spoke of the friendliness he had shown upon their arrival. Some wept, some called him "such a fine buddy to me...the best I ever had." It could be said, perhaps, that Hillard's gentle pleasure in life, from having others around him, will be remembered by many and in many ways. How he loved to talk and play with the grandchildren he cherishes.

He knew the silent heartaches.

Only those who have lost can tell.

The grief that is borne is silence.

For the one we loved so well,

"I'll be with you in the forever chapter of John," "Let not your heart be troubled; ye believe in God, believe also in me. In my Father's house are many mansions; if it were not so, I would have told you. I am going to prepare a place for you."

"And if I go and prepare a place for you, I will come again, and receive you into myself; that where I am, there ye may be also. And whither I go ye know, and the way ye know."

"Thomas saith unto him, Lord, we know not whither thou goest; show us the way." Jesus saith unto him, I am the way, the truth, and the life; no man cometh unto the Father but by me."

O God, our heavenly Father, who has

taken us by the holy Apostle not to sorrow overmuch for them that sleep in Jesus: Mercifully grant that after this life, with thy salvation, we may be received into everlasting joy; through Jesus Christ, thy Son, our Lord. Amen.

vile - Stoutsville Road to the Morris - Leist Road and into the LE High School, both of which are improved county roads.

The Committee said that the 450 petition signatures in favor of Logan Elm consolidation will certainly speak at future elections if the present Amanda-Clearcreek tie remains in effect.

A remark by the Council that students attending Logan Elm would run into extra-curricular activity problems received a blast from the Committee.

It says that it is interested in their children receiving an education to prepare for life after school. They feel that outside activities, such as 4-H, are secondary, and a child won't make a living by attending the Fairfield County Fair.

"All we're asking of the Field Board is another chance to cast our ballots as a local school district, one which already has approved Logan Elm consolidation. Forced to vote as an Amanda-Clearcreek district naturally would swing the election toward Fairfield consolidation," the Committee stated. Amanda residents out-number Clearcreek residents 2-1.

"We feel that the Fairfield Board should represent the majority, not the minority in Clearcreek Twp.," a Committee spokesman stated.

THE COMMITTEE said that Amanda is just using Clearcreek to retain its status as a school district and not lose its identity.

According to the Committee, Stoutsville should become a part of Logan Elm because at least 85 percent of its hourly-wage residents work in Circleville or Pickaway County.

They maintain that a majority of its residents shop here. "We participate in the Circleville Kid Baseball program and find most of our recreation there. We're a part of Pickaway County socially and economically, and we want to be part of its excellent school system too," members said.

"We're under the shadow of the new Logan Elm High School and will do everything in our power to turn that shadow into a concrete reality," the Committee officials concluded.

3-Part Plan For Maumee Water OKd

DEFIANCE, Ohio (AP) — The Maumee Watershed Conservancy Court has approved a three-point plan for the improvement of three northwestern Ohio waterways.

The 11-4 vote here Wednesday ended a three-day hearing on the plan which involves about three million dollars.

Allen County Prosecutor Anthony J. Bowers, an attorney for those opposing the plan, said he would undoubtedly appeal the decision to the Third District Court of Appeals.

The plan calls for channel improvements in the Tiffin River in Fulton and Williams counties (\$1,312,900), and the Little Auglaize River in Van Wert, Putnam and Paulding counties (\$1,026,000). A \$517,000 relocation of Grassy Creek in Wood County would be done in cooperation with the Ohio Department of Highways.

The latter part of the plan would aid in building a highway bypass route at Perrysburg and in preventing flooding.

The dissenting votes were cast by Presiding Judge Russell V. Maxwell of Williams County, Judge Moran B. Jenkins of Allen County, Judge Donald C. Van Buren of Fulton County and Judge Joseph M. Moorhead of Hancock County. All on the 15-member court are common pleas jurists.

Silent Mystery Satellite May Be of Russian Origin

WASHINGTON (AP) — A dark satellite that the Pentagon said may be of Soviet origin tumbled through space today in an orbit of mystery.

Its path over the poles was one that would be desirable for any type of "seeing eye" space spy. Moscow was saying nothing about it.

Here's all that's known about the mystery object, according to the Defense Department: It appears to be in a near polar

orbit. It is dark and is probably less than 19 feet long. It is silent, as far as U.S. monitors are concerned.

But American space scientists have not ruled out the possibility that the satellite could be sending messages if triggered by a remote receiving station in the Soviet Union. However, these scientists have learned from experience that it is difficult to receive signals from a space vehicle tumbling in orbit, as this one appears to be doing.

At Jodrell Bank in England, scientists at the British Radio telescope said they knew of no satellite sent aloft by the Soviets recently and that they have no information on any new satellite around the poles.

Navy tracking stations first spotted the object about three weeks ago, but the Defense Department said nothing about it. There was no official comment until after word was publicized Wednesday that the Pentagon was buzzing with "what is it?" speculation.

American scientists quickly eliminated the possibility that the space traveler was one of the known American or Soviet satellites which had been launched in a generally east-west orbit.

Six U.S. Discoverer satellites have been fired into polar orbits. The only one of them still circling is Discoverer VIII, launched last Nov. 20 from Vandenberg Air

Force Base, Calif.

Navy trackers who keep a continuous watch on all space objects said they knew the whereabouts of the Discoverer rocket casings—and that this object was not one of them.

The only indication of the mystery satellite's size came in the Pentagon's comment that the object is slightly smaller than the Discoverer carrier rockets. These carrier rockets are 19.2 feet long and 5 feet in diameter, weighing 1,400 pounds at burn-out. Their injectable capsules weigh 300 pounds.

The Navy's "Spasur" (Space Surveillance) fence which first picked up the mystery satellite extends across the southern part of the United States. Ships in the Atlantic and Pacific also carry on tracking operations. The Pentagon says this assures "that passive or silent satellites will not be able to orbit unnoticed above the United States."

Navy trackers who keep a continuous watch on all space objects said they knew the whereabouts of the Discoverer rocket casings—and that this object was not one of them.

The only indication of the mystery satellite's size came in the Pentagon's comment that the object is slightly smaller than the Discoverer carrier rockets. These carrier rockets are 19.2 feet long and 5 feet in diameter, weighing 1,400 pounds at burn-out. Their injectable capsules weigh 300 pounds.

The Navy's "Spasur" (Space Surveillance) fence which first picked up the mystery satellite extends across the southern part of the United States. Ships in the Atlantic and Pacific also carry on tracking operations. The Pentagon says this assures "that passive or silent satellites will not be able to orbit unnoticed above the United States."

ville - Stoutsburg Road to the Morris - Leis Road and into the LE High School, both of which are improved county roads.

The Committee said that the 450 petition signatures in favor of Logan Elm consolidation will certainly speak at future elections if the present Amanda-Clearcreek tie remains in effect.

A remark by the Council that students attending Logan Elm would run into extra-curricular activity problems received a blast from the Committee.

It says that it is interested in their children receiving an education to prepare for life after school. They feel that outside activities, such as 4-H, are secondary, and a child won't make a living by attending the Fairfield County Fair.

"All we're asking of the Fairfield Board is another chance to cast our ballots as a local school district, one which already has approved Logan Elm consolidation. Forced to vote as an Amanda-Clearcreek district naturally would swing the election toward Fairfield consolidation," the Committee stated. Amanda residents out-number Clearcreek residents 2-1.

"We feel that the Fairfield Board should represent the majority, not the minority in Clearcreek Twp.," a Committee spokesman stated.

THE COMMITTEE said that Amanda is just using Clearcreek to retain its status as a school district and not lose its identity.

According to the Committee, Stoutsburg should become a part of Logan Elm because at least 85 percent of its hourly-wage residents work in Circleville or Pickaway County.

They maintain that a majority of its residents shop here. "We participate in the Circleville Kid Baseball program and find most of our recreation there. We're a part of Pickaway County socially and economically, and we want to be part of its excellent school system too," members said.

"We're under the shadow of the new Logan Elm High School and will do everything in our power to turn that shadow into a concrete reality," the Committee officials concluded.

3-Part Plan For Maumee Water OK'd

DEFIANCE, Ohio (AP) — The Maumee Watershed Conservancy Court has approved a three-point plan for the improvement of three northwestern Ohio waterways.

The 11-4 vote here Wednesday ended a three-day hearing on the plan which involves about three million dollars.

Allen County Prosecutor Anthony J. Bowers, an attorney for those opposing the plan, said he would undoubtedly appeal the decision to the Third District Court of Appeals.

The plan calls for channel improvements in the Tiffin River in Fulton and Williams counties (\$1,312,900), and the Little Auglaize River in Van Wert, Putnam and Paulding counties (\$1,026,000). A \$517,000 relocation of Grassy Creek in Wood County would be done in cooperation with the Ohio Department of Highways.

The latter part of the plan would aid in building a highway bypass route at Perrysburg and in preventing flooding.

The dissenting votes were cast by Presiding Judge Russell V. Maxwell of Williams County; Judge Moran B. Jenkins of Allen County; Judge Donald C. Van Buren of Fulton County and Judge Joseph M. Moorhead of Hancock County. All on the 15-member court are common pleas jurists.

MIS HAMILTON
Mr. and Mrs. Isaac Hamilton, 441 Watt St., are the parents of a daughter born at 8:52 p.m. yesterday in Berger Hospital.

Woman Robber Shoots Cleveland Grocer

CLEVELAND (AP) — Shot by a woman who posed as a customer then tried to rob him, Morris B. Spira, 60, of Cleveland Heights, was in fair condition today. Spira, owner of a food market, was shot in the abdomen Wednesday night when he struggled with a woman of about 25 who pulled a small pistol from her handbag and demanded money.

Silent Mystery Satellite May Be of Russian Origin

WASHINGTON (AP) — A dark satellite that the Pentagon said may be of Soviet origin tumbled through space today in an orbit of mystery.

Its path over the poles was one that would be desirable for any type of "seeing eye" space spy.

Moscow was saying nothing about it.

Here's all that's known about the mystery object, according to the Defense Department:

It appears to be in a near polar

orbit. It is dark and is probably less than 19 feet long. It is silent, as far as U. S. monitors are concerned.

But American space scientists have not ruled out the possibility that the satellite could be sending messages if triggered by a remote receiving station in the Soviet Union. However, these scientists have learned from experience that it is difficult to receive signals from a space vehicle tumbling in orbit, as this one appears to be doing.

At Jodrell Bank in England, scientists at the British radio telescope said they knew of no satellite sent aloft by the Soviets recently and that they have no information on any new satellite to be doing.

The Navy's "Spasur" (Space Surveillance) fence which first picked up the mystery satellite extends across the southern part of the United States. Ships in the Atlantic and Pacific also carry on tracking operations. The Pentagon says this assures "that passive or silent satellites will not be able to orbit unnoticed above the United States."

Navy tracking stations first spotted the object about three weeks ago, but the Defense Department said nothing about it.

There was no official comment until after word was publicized Wednesday that the Pentagon was buzzing with "what is it?" speculation.

American scientists quickly eliminated the possibility that the space traveler was one of the known American or Soviet satellites which had been launched in a generally east-west orbit.

Six U.S. Discoverer satellites have been fired into polar orbits. The only one of them still circling is Discoverer VIII, launched last Nov. 20 from Vandenberg Air

Force Base, Calif.

Navy trackers who keep a continuous watch on all space objects said they knew the whereabouts of the Discoverer rocket casings—and that this object was not one of them.

The only indication of the mystery satellite's size came in the Pentagon's comment that the object is slightly smaller than the Discoverer carrier rockets. These carrier rockets are 19.2 feet long and 5 feet in diameter, weighing 1,400 pounds at burn-out. Their ejectable capsules weigh 300 pounds.
